I'm just your average guy with a passion for fire, wood and meat, that goes back for as long as I can remember! So, if you want to experience some BBQ that is tender as a mother's love...and as one customer mentioned, "Meat so tender you don't need no teeth to eat it"! Then give Big J Soul BBQ a try!

With over 3 decades of experience, Pitmaster James Boatright Sr aka Big J with Big J Soul BBQ has mastered the art of soulful BBQ. Breaking away from traditional BBQ, Big J Soul BBQ process of meat selections, sauces, rubs, and woods renders their BBQ in a style that's not a conformist to industry style of BBQ!

Big J was a featured contestant in Netflix's The American Barbecue Showdown bringing his soulful BBQ to an international viewership level.
